

thiaz itch

Swinging from synthetic fanfare to approximate big band, Thiaz Itch croons sprinkling his shimmering colors in an anachronistic and funny show.

His orchestra lurking in the shadows, he uses his hands and his mouth to leap moogy-pouêt-pouêt sounds with his clarinet, make his mandoline sing serenades and rock 'n roll and play a spread of other wacky intruments.

Technical Specs

- 1 x Microphone Stand
- 1 x Keyboard Stand
- 3 x 110V Plugs
- 1 x Table [1,6 x 0,7 metres minimum]

STEREO OUTPUT

2 x 1/4" TRS Balanced

(microphone & mandoline are routed through the soundcard)

note for the sound engineer : By default I just have a stereo balanced output but I can separate the microphone (vocal + winds) and/or the mandoline with others stereo outputs for a better mix quality.
